

# No. 28 A

## NATURAL SCIENCE

### CONTENTS

#### [Mathematics]

SAKAKIHARA, M. : Boundary Matrix Method for Eigenvalue Problems .....	1
SATO, J., YOSHIDA, K. : Semi Anti-Integral Elements and Integral Extensions .....	7

#### [Physics]

IYONO, A. : Transverse Momentum Spectra and Cluster Analyses in S+Pb Collisions at 200 GeV/AMU (CERN Experiment EMU05) .....	11
URAGAMI, T. S. : Comparative Methods of Education on Physics .....	23
OHKAME, M. : Aeronautical Movement of a Winged Seed — Flight Duration of Maple Seeds (Continued) — .....	29
OHKURA, H. : De-excitation Processes of Optically Excited <i>F</i> Centers, Part II .....	35
TOTSUJI, C., MATSUBARA, T. : Electronic Structure in Perovskite-Type Oxide Mixtures ..	49
NAKAGAWA, S., TAKEUTI, T., OHISHI, K. : The Z-Dependence of the Electronic Stopping Power for Low Energy Atomic Collisions .....	59
MURAMOTO, T., YAMAMURA, Y. : Accelerations of Deuterium Atoms due to Heavy Water Cluster Impact on a TiD Target .....	67
YAMAMOTO, K. : On the Temperature-Dependence of the Collision Shift for Hydrogenic Low- <i>n</i> Lines of a High-Density, Low- <i>Z</i> Plasma .....	77

#### [Chemistry]

KAWABE, S., ENDOH, H., SAWADA, Y., SATOH, R., BABA S. : Production and Release of Betacianin by Plant Cell Immobilized in Calcium-alginate .....	85
--	----

#### [Biology · Environment]

NAOHARA, J., OHNISHI, S., SATOH, A., KAWASAKI, N., YAMASHITA, E., ISHII, T., SHIGE, Y. : Determination of trace elements in environmental sample by ICP-MS (1) Determination of the optimum condition and the precision of ICP-MS .....	93
YAMASHITA, E., MORIYA, T., HATA, S., NAKAGAWA, M., SAKANO, T., NAOHARA, J., ISHII, T., SHIGE, Y. : Acid rain in Okayama (2) Relationship between rainfall intensity and chemical composition in rain water .....	101

#### [Mechanical Engineering]

OHSAKA, K., ONO, K. : On Intelligent Control of Robot Manipulators .....	109
KANADANI, T., MATSUSHIMA, T., HOSOKAWA, N. : Effect of Reversion Treatment on Fatigue Strength of Age Hardened Al-12mass%Zn Alloy .....	121
DOHTA, S., MATSUSHITA, H., NUMOTO, K. : Control of a Multifan Hovering Machine ..	129
YANG, Z., HOSOKAWA, N., KANADANI, T. : The study of residual stress on cutted or grinded steel .....	141
MAEDA, K. : The Design of Structually Stable Nonlinear Control System .....	153
MATSUSHITA, H., DOHTA, S., KUWADA, Y. : Positioning Control in Pneumatic Servo System Applied a Load of Gravity .....	161
YOSHIDA, T. : Design of a Three-dimensional one-link Robot Arm constructed by a Rotating Plate .....	171

#### [Information Engineering]

HIGASHI, T., NAKAGAWA, K. : Figure Analysis Method by using complex FFT .....	183
IRIE, K. : Estimation of One-Minute Rain Rate at Annual Time-Percentages in Japan .....	191
OHKAWA, K., NARIHISA, H. : The System Evaluation by Petrinet .....	197
OKUYAMA, M., NARIHISA, H. : The Decomposition of Linear Programming Problems by Using Distributed Processing of Workstations .....	207
KATAYAMA, K., NARIHISA, H. : 3-Dimension Representing System from 2-Dimension Pictures .....	219
SHIONO, M., KIMURA, M., WATAJI, Y. : An Experiment on Person Identification using the Length of Joints of Hand Fingers .....	227
HAMADA, W., NARIHISA, H. : On the 3-Dimensional representation from 2-Dimensional expanding of clothes .....	241
Li, Q., MIYAGAKI, Y. : Improvement of OOKFSK Antimultipath Communication System .....	251

#### [Physical Training]

INOKIHARA, K. : Study of Physical Fitness The freshman of Okayama University of Science (1985-89) .....	259
KAWAKAMI, M., INOKIHARA, K., MATSUBARA, T., IWASAKI, H. : The Correlation between Work Load and Long-Interval Training of 4km Run Infered from Heart Rate ..	277
MATSUBARA, T., INOKIHARA, K., KAWAKAMI, M., UKITA, T., ARAKI, I., ARAKI, N., MORITA, K. : On the Study for Tremble of Balance .....	293

#### [Civil Engineering]

KAMIYA, S. : Fractal dimensions of rivers in Japan .....	309
--	-----

#### [Earth Sciences]

KOBAYASHI, S., SHOJI, T. : Solubilities of BaCl <sub>2</sub> in NaCl and/or KCl aqueous Solutions at Temperatures from 50 to 140°C .....	319
--	-----
